**Re: INTRODUCTION OF LIC'S SAMRIDHI PLUS (Plan No. 804)**

**1. INTRODUCTION:**

It has been decided to introduce LIC's Samridhi Plus (Plan No. 804) a close ended plan which would be open for sale from **25<sup>th</sup> February, 2011** for a maximum period of 3 months. The Unique Identification Number (UIN) for LIC's Samridhi Plus plan is (**512L265V01**). This number has to be quoted in all relevant documents furnished to the policyholders and other users (public, distribution channels).

This is a unit linked plan with a policy term of 10 years that offers payment of Fund Value at the end of the policy term based on the highest Net Asset Value (NAV) over the first 100 months of the policy or the NAV as applicable at the end of the policy term, whichever is higher. This Guarantee will be applicable only for payment to be made at the end of the policy term (i.e. 10 years). The premium payment under this plan is limited to single or 5 years. The policyholder can choose the level of cover within the limits, depending on his/her age, the amount of premium payable and whether premium is payable one time or regularly during the premium paying term. The allocated premium will be utilized to purchase units. The Policyholder's Fund Value will be subject to deduction of charges mentioned in Para 3 of this circular. Units will be allotted and cancelled based on the Net Asset Value (NAV) applicable to the date of allotment / cancellation. There is no Bid-Offer spread (both the Bid price and Offer price of units will be equal to the NAV). The NAV will be computed on daily basis and will be based on the investment performance, Fund Management Charges (FMC), Guarantee Charge and whether fund is expanding or contracting. Other details of this plan are as follows.

## 2. INVESTMENT FUND TYPES:

The premiums allocated to purchase units will be invested according to the investment pattern committed for the fund. The investment pattern will be as under:

<b>Fund</b>	<b>Investment in Government / Government Guaranteed Securities / Corporate Debt</b>	<b>Short-term investments such as money market instruments</b>	<b>Investment in Listed Equity Shares</b>	<b>Details and objective of the fund for risk / return</b>
<b>Samridhi Plus Fund</b>	0% to 100%	0% to 100%	0% to 100%	Medium risk

*In the period during which this product is open for sale, all premiums received shall be invested in Money Market instruments of applicable duration i.e. the period from the date of sale to the date of closure of the plan. After the date of closure of the plan the above investment pattern shall be followed.*

The face value of the unit shall be Rs. 10/-. The NAV during the term of the policy (i.e. during first 10 years of the policy) will be computed on a daily basis as under:

### **Appropriation price (when fund is expanding):**

Market value of investments held by the fund plus the expenses incurred in the purchase of the assets plus the value of any current assets plus any accrued income net of fund management charges including Guarantee Charge less the value of any current liabilities less provisions, if any divided by the number of units existing at the valuation date (before any new units are allocated).

### **Expropriation price (when fund is contracting):**

Market value of investments held by the fund less the expenses incurred in the sale of assets plus the value of any current assets plus any accrued income net of fund management charges including Guarantee Charge less the value of any current liabilities less provisions, if any divided by the number of units existing at the valuation date (before any units redeemed).

## 3. CHARGES AND FREQUENCY OF CHARGES:

- i. **Premium Allocation Charge:** This is the percentage of the premium appropriated towards charges from the premium received. The balance known as allocation rate constitutes that part of the premium which is utilized to purchase (Investment) units for the policy.

The allocation charges are as below:

**For Single premium policies: 3.3%**

**For Regular premium policies:**

<b>Premium</b>	<b>Allocation Charge</b>
First Year	6.00%
2nd to 5th Year	4.50%

- ii. **Mortality Charge:** This is the cost of life insurance cover. Mortality Charge will be taken every month by canceling appropriate number of units out of the Policyholder's Fund Value.

Mortality charge, during a policy year, will be based on the age nearer birthday of the Policyholder as at the policy anniversary coinciding with or immediately preceding the due date of cancellation of units and hence may increase every year on each policy anniversary. The Mortality charge shall depend upon the difference between the Sum Assured under the Basic plan and Policyholder's Fund Value of units as on the date of deduction of charge, after deduction of all other charges and shall be deducted only if, the Basic Sum Assured is more than the Fund Value of the units on the date of deduction. Further, the charges will also depend on the underwriting decision at entry or subsequent revival of the policy.

At the time of revival (under a lapsed policy), the mortality charge thereafter shall be based on the age nearest birthday as on the date of revival.

The Mortality charge per Rs.1,000/- Sum at Risk (i.e. Sum Assured under Basic plan minus Policyholder's Fund value) per annum for standard lives, are given in **Annexure I**.

The Class I extra charge for Life Cover shall be 25% of the Mortality charge for standard lives. Charge for higher EMR shall be multiples of the Class I extra charge as applicable in other plans. This extra charge will be included in the Mortality charges.

iii. **Charges for optional rider cover:**

**Accident Benefit Charge:** Charges for Accident Benefit rider, if any, will be taken every month by canceling appropriate number of units out of the Policyholder's Fund Value as per the rate prevalent at the time of issue of policy.

A level charge, at present, is at the rate of Rs.0.50 per thousand Accident Benefit Sum Assured per policy year and will be made for Accident Benefit cover by cancellation of appropriate number of units out of the Policyholder's Fund Value every month along with the Mortality charge. Charges for Accident Benefit rider shall be deducted only if this rider has been opted for.

- a) POLICY ADMINISTRATION CHARGE - The Policy Administration charge of Rs. 30/- per month during the first policy year and Rs 30/- per month escalating at 3% p.a. thereafter, throughout the term of the policy will be deducted on monthly basis by canceling appropriate number of units out of Policyholder's Fund Value.
